SMART MAIL™

BY INNOVATIVE DIRECT

HARNESS THE POWER OF ARTIFICIAL INTELLIGENCE AND TARGET THE RIGHT PROSPECT !

Have you ever wonder why your marketing campaigns are not getting the results you & your team are expecting?

Money factors, design, and even the channels you choose were review & think correctly but what about the audience. How do you know your pieces are getting to your most valuable prospects.

Artificial Intelligence, technological capability, and years of developed skill and techniques have allowed us to create a product that will surpass traditional targeted direct mail in every way.

@innovativedirect

Smart Mail Boost A.I is designed to target, track and deliver results with every direct mail campaign. Our goal is to enhance the results of your sales campaigns and provide you with targeted leads your business is looking for.

With Innovative Direct's Smart Mail A.I we can manage and analyze data in order to provide behavioral targeting and data-driven solutions to customers of all sizes. Our Auto Data provides the insights you need to target the right consumer connections. So don't waste more time and target your correct leads with Innovative Direct.

Innovative Direct has been helping clients improve their results for over 14 years! Our Speed, Technology and Value set us apart and can help you enhance your business today. Let Smart Mail and Smart Mail Boost help you optimize your communications and increase your ROI!
